Independent Auditor's Report

To the Honorable Mayor and Members of the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Humboldt, Iowa, as of and for the year ended June 30, 2021, and the related Notes to Financial Statements, which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City as of June 30, 2021, and the respective changes in its cash basis financial position for the year then ended in accordance with the basis of accounting described in Note 1.

Basis of Accounting

As discussed in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinions are not modified with respect to this matter.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2020 (which are not presented herein) and expressed unmodified opinions on those financial statements which were prepared on the basis of cash receipts and disbursements. The supplementary information included in Schedules 1 through 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The other information, the Budgetary Comparison Information, the Schedule of the City's Proportionate Share of the Net Pension Liability and the Schedule of City Contributions on pages 23 through 27, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 17, 2022 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

T.P. Anderson & Company, P.C.

Notes to Financial Statements

June 30, 2021

(1) Summary of Significant Accounting Policies

The City of Humboldt is a political subdivision of the State of Iowa located in Humboldt County. It was first incorporated in 1869 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens including public safety, public works, culture and recreation, community and economic development and general government services. The City also provides water and sewer utilities and solid waste services for its citizens.

A. Reporting Entity

For financial reporting purposes, the City of Humboldt has included all funds, organizations, agencies, boards, commissions, and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the City.

These financial statements present the City (the primary government) and its component unit. The component unit discussed below is included in the City's reporting entity because of the significance of its operational or financial relationships with the City.

Blended Component Unit

A drainage district has been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although the drainage district is legally separate from the City, it is so intertwined with the City that it is, in substance, the same as the City. In accordance with criteria set forth by the Governmental Accounting Standards Board, the drainage district meets the definition of a component unit which should be blended. The financial activity of the component unit has been blended as a Special Revenue Fund of the City.

Jointly Governed Organizations

The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Humboldt County Emergency Management Commission, Humboldt County Joint E911 Service Board, Humboldt County Public Safety Commission, The North Central Iowa Regional Solid Waste Agency, and MIDAS Council of Governments.

B. Basis of Presentation

<u>Government-wide Financial Statements</u> – The Cash Basis Statement of Activities and Net Position reports information on all of the nonfiduciary activities of the City. For the most part, the effect of

Notes to Financial Statements

June 30, 2021

interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The Cash Basis Statement of Activities and Net Position presents the City's nonfiduciary net position. Net position is reported in the following categories/components:

Nonexpendable restricted net position is subject to externally imposed stipulations which require the cash balance to be maintained permanently by the City, including the City's Permanent Fund.

Expendable restricted net position results when constraints placed on the use of cash balances are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Enabling legislation did not result in any restricted net position.

Unrestricted net position consists of cash balances not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Cash Basis Statement of Activities and Net Position demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions, and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Urban Renewal Tax Increment Fund is used to account for tax increment financing collections and the repayment of tax increment financing indebtedness.

The Library Trust Fund is used to account for the activity of the library trust.

Notes to Financial Statements

June 30, 2021

The Debt Service Fund is utilized to account for property tax and other receipts to be used for the payment of interest and principal on the City's general long-term debt.

The Permanent, Louthan Fund is used to account for interest earned on the money held in the Louthan trust.

The Capital Projects, Streets Fund is used for a street construction project.

The City reports the following major proprietary funds:

The Enterprise, Water Fund accounts for the operation and maintenance of the City's water system.

The Enterprise, Sewer Fund accounts for operation and maintenance of the City's wastewater treatment and sanitary sewer system.

C. Measurement Focus and Basis of Accounting

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable, or accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

Under terms of grant agreements, the City funds certain programs by a combination of specific costreimbursement grants, categorical block grants and general receipts. Thus, when program disbursements are paid, there are both restricted and unrestricted cash basis net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general receipts.

When a disbursement in governmental funds can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the disbursement toward restricted fund balances and then to less-restrictive classifications – committed, assigned, and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

D. Property Taxes and Governmental Cash Basis Fund Balances

The following accounting policies are followed in preparing the financial statements:

Property tax revenues recognized in these funds become due and collectible in September and March of the current fiscal year with a 1 1/2% per month penalty for delinquent payments; is based on January 1, 2019 assessed property valuations; is for the tax accrual period July 1, 2020 through

Notes to Financial Statements

June 30, 2021

June 30, 2021 and reflects tax asking contained in the budget certified to the City Council in March 2020.

In the governmental fund financial statements, cash basis fund balances are classified as follows:

<u>Nonspendable</u> – Amounts which cannot be spent because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

<u>Assigned</u> – Amounts the City Council intends to use for specific purposes.

Unassigned – All amounts not included in the preceding classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Other Information. Disbursements were within the budgeted limits for the year ended June 30, 2021.

(2) Cash and Investments

The City's deposits in banks at June 30, 2021, which include certificates of deposit totaling \$1,304,397, were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

<u>Interest rate risk</u> – The City's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the City.

(3) Notes Payable

A summary of changes in bonds and notes payable for the year ended June 30, 2021 is as follows:

General Obligation Bonds

On December 22, 2009, the City issued \$1,320,000 of general obligation bonds with interest rates ranging from 4.97% to 5.37% per annum. The bonds were issued for infrastructure improvements. During the year ended June 30, 2021, the City paid \$285,000 of principal and \$35,605 of interest on the bonds. \$26,787 of additional interest was paid on behalf of the City for these bonds under a Recovery Zone agreement.

On September 20, 2012, the City issued \$1,535,000 of general obligation bonds with interest rates ranging from 1.00% to 3.00% per annum. The bonds were issued for eagle ridge infrastructure and downtown demolition. During the year ended June 30, 2021, the City paid \$60,000 of principal and \$22,660 of interest on the bonds.

On November 20, 2015, the City issued \$1,575,000 of general obligation bonds with interest rates ranging from 1.75% to 4.00% per annum. The bonds were issued for the eagle ridge II project. During the year ended June 30, 2021, the City paid \$30,000 of principal and \$13,600 of interest on the bonds.

On August 18, 2016, the City issued \$1,945,000 of general obligation bonds with interest rates ranging from 1.2% to 2.30% per annum. The bonds were issued for the business park phase II and a new fire engine. During the year ended June 30, 2021, the City paid \$180,000 of principal and \$39,530 of interest on the bonds.

Notes to Financial Statements

June 30, 2021

On September 20, 2017, the City issued \$600,000 of general obligation bonds with interest rates ranging from 1.80% to 3.25% per annum. The bonds were issued for eagle ridge phase III. During the year ended June 30, 2021, the City paid \$35,000 of principal and \$16,963 of interest on the bonds.

On July 25, 2019, the City issued \$3,860,000 of general obligation bonds with interest rates ranging from 3.00% to 4.00% per annum. These bonds were issued at a premium of \$195,738. The bonds were issued for the recreation center and downtown improvements. During the year ended June 30, 2021, the City paid \$380,000 of principal and \$121,100 of interest on the bonds.

On July 15, 2020, the City issued \$3,555,000 of general obligation bonds with an interest rate of 2% per annum. These bonds were issued at a premium of \$142,447. The bonds were issued for street improvement project and water system improvement project. During the year ended June 30, 2021, the City paid \$190,000 of principal and \$62,410 of interest on the bonds.

Revenue Notes

Year	Wate	Water System Improvements					
Ending	Is	Issued February 2013					
June 30,	Interest Rate	Principal	Interest				
2022	2.0	300,000	80,521				
2023	2.0	306,000	74,520				
2024	2.0	312,000	68,400				
2025	2.0	319,000	62,160				
2026	2.0	325,000	55,780				
2027-2031	2.0	1,725,000	179,400				
2032-2036	2.0	739,000	7,458				
	_	4,026,000	543,019				

The City has pledged future water customer receipts, net of specified operating disbursements, to repay water revenue capital loan notes issued in February 2013. Proceeds from the notes provided financing for the construction of water treatment plant improvements. The notes are payable solely from water customer net receipts and are payable through 2033. The total principal and interest remaining to be paid on the notes is \$4,026,000 and \$543,019, respectively. For the current year, principal and interest paid and the excess of operating receipts over operating disbursements for the water fund were \$369,600 and \$670,452, respectively.

The resolutions providing for the issuance of the revenue bonds include the following provisions:

- (a) The notes will only be redeemed from the future earnings of the enterprise activity and the note holders hold a lien on the future earnings of the funds.
- (b) Sufficient monthly transfers shall be made to a separate water revenue note sinking account for the purpose of making the note principal and interest payments when due.
- (c) For the Water Sewer Fund, sufficient rates are to be charged to generate net revenues adequate to pay the principal and interest on the bonds and to create and maintain the reserves required by the bonds. The net revenues are also to be equal to or greater than 110% of the principal and interest

Notes to Financial Statements

June 30, 2021

requirements of the succeeding fiscal year. The Water Fund complied with this requirement for the year ended June 30, 2021.

(4) Pension Plan

<u>Plan Description</u> – IPERS membership is mandatory for employees of the City, except for those covered by another retirement system. Employees of the City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at PO Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

<u>Pension Benefits</u> – A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Protection occupation members may retire at normal retirement age, which is generally age 55 and may retire any time after reaching age 50 with 22 or more years of covered employment. The formula used to calculate a protection occupation member's monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for more than 22 years of service not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability</u> and <u>Death Benefits</u> – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary

Notes to Financial Statements

June 30, 2021

will receive a lifetime annuity or a lumpsum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

<u>Contributions</u> – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2021, pursuant to the required rate, regular members contributed 6.29% of covered payroll and the City contributed 9.44% of covered payroll, for a total rate of 15.73%. Protection occupation members contributed 6.41% of covered payroll and the City contributed 9.61% of covered payroll, for a total rate of 16.02%.

The City's contributions to IPERS for the year ended June 30, 2021 totaled \$150,097.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At June 30, 2021, the City reported a liability of \$1,042,045 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2020, the City's proportion was 0.0148339%, which was an increase of 0.001133% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the City's pension expense, deferred outflows of resources, and deferred inflows of resources totaled \$203,551, \$265,902 and \$139,282, respectively.

There were no non-employer contributing entities to IPERS.

<u>Actuarial Assumptions</u> – The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Rate of inflation
(effective June 30, 2017)
Rates of salary increase
(effective June 30, 2017)
Long-term investment rate of return
(effective June 30, 2017)
Wage growth
(effective June 30, 2017)

2.60% per annum.

3.25 to 16.25% average, including inflation. Rates vary by membership group.
7.00% compounded annually, net of investment expense, including inflation.
3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Notes to Financial Statements

June 30, 2021

Mortality rates used in the 2020 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Asset	Long-Term Expected
Asset Class	Allocation	Real Rate of Return
Domestic equity	22.0%	4.43%
International equity	17.5	5.15
Global smart beta equity	6.0	4.87
Core plus fixed income	28.0	(0.29)
Public credit	4.0	2.29
Cash	1.0	(0.78)
Private equity	11.0	6.54
Private real assets	7.5	4.48
Private credit	3.0	3.11
	100.0%	

<u>Discount Rate</u> – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the City will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	 1%	Discount	1%
	Decrease Rate		Increase
	 (6.00%)	(7.00%)	(8.00%)
City's proportionate share of			
the net pension liability	\$ 1,949,001	1,042,045	281,851

<u>IPERS' Fiduciary Net Position</u> – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Notes to Financial Statements

June 30, 2021

(5) Other Post Employment Benefits (OPEB)

<u>Plan Description</u> — The City operates a single-employer health benefit plan which provides medical/prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. The City currently finances the benefit plan on a pay-asyou-go basis. For the year ended June 30, 2021, the City contributed \$191,502 and plan members eligible for benefits contributed \$36,502 to the plan. At June 30, 2021, no assets have been accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits – Individuals who are employed by the City and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, which results in an implicit rate subsidy.

Retired participants must be age 55 or older at retirement, with the exception of special service participants who must be age 50 with 22 years of services. At June 30, 2021, there were 27 active and no retired members covered by the benefit terms.

(6) Compensated Absences

City employees accumulate vacation and personal/sick leave hours for subsequent use. Earned vacation is paid when used or when employment is terminated. Personal hours are not paid upon termination of employment. Sick leave is paid when used or upon retirement up to 15 days, given that an employee has been a regular full time or regular part time employee of the City for at least 10 consecutive years immediately prior to retirement. Employees may convert up to 24 hours of sick leave to 8 hours of vacation for every 6 months, January to June and July to December, in which no sick leave is utilized. This conversion of sick leave to vacation shall not be allowed if it results in the employee's cumulative total of sick leave to be less than 80 hours. These accumulations are not recognized as expenditures by the City until they are paid. The City's approximate liability for earned vacation and personal/sick leave payable to employees at June 30, 2021, primarily relating to the General Fund, is as follows:

Type of Benefit	Amount
Personal and sick leave	\$ 421,834
Vacation	80,163
	\$ 501,997

The liability has been computed based on rates of pay in effect at July 1, 2021.

(7) Interfund Transfers

The detail of interfund transfers, for the year ended June 30, 2021 is as follows:

	Transfer to	A	Amount	
General		Special Revenue: Emergency	\$	50,419

Notes to Financial Statements

June 30, 2021

General	Special Revenue: Community Projects	3,000
General	Enterprise: Sewer	10,000
Capital Projects: Downtown Improvement	Capital Projects: Rec Center	320,229
Capital Projects: Streets	Special Revenue: Road Use Tax	60,000
Debt Service	Special Revenue: Urban Renewal Tax Increment	687,160
Capital Projects: NSURA	Capital Projects: Business Park	700.000
Capital Projects: Streets	Special Revenue: Local Option Sales Tax	592,982 500,000
Capital Projects: Streets	Capital Projects: Rec Center	10,970
		\$2,234,760

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

(8) Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The City uses a third party administrator to determine appropriate claims. At June 30, 2021, there were no unpaid claims due.

(9) Deficit Balances

At June 30, 2021, the City had deficit balances in the following funds:

Fund	Amount
Special Revenue: Road Use Tax	\$177,970
Capital Projects: Water Main	88.494

Notes to Financial Statements

June 30, 2021

The City is aware of these deficits and is actively working to eliminate them.

(10) Contracts

The City previously contracted with the Humboldt County Landfill Commission for landfill use for solid waste disposal for residences and businesses within the City. Effective December 31, 1995 the City withdrew from the Humboldt County Landfill. The City will continue to be liable for their share of post-closure costs. The City will have an estimated annual liability of \$21,000 through 2025.

Due to the withdrawal from Humboldt County Landfill, the City has entered into an agreement with the North Central Solid Waste Agency for solid waste disposal. Total payments by the City under this agreement for the year ended June 30, 2021 were \$65,239. This agreement is perpetual unless otherwise terminated or dissolved. The City is assessed a fee based on tonnage received at the landfill. The fee is adjusted annually.

The City has also contracted the Humboldt County Public Safety Commission (Commission) for use of the law enforcement center building. For the year ended June 30, 2021, the City paid \$180,029 pursuant to this agreement. This agreement is perpetual unless otherwise terminated or dissolved. The Commission meets annually to set the budget.

The City has also contracted with a private contractor, PeopleService, Inc., for the operation and maintenance of the municipal sewer plant and municipal waterworks. Payments under these contracts totaled \$224,529 and \$480,696, respectively, for the year ended June 30, 2021. The monthly compensation paid to PeopleService, Inc. is adjusted on an annual basis for the change in Consumer Price Index for all Urban Consumers as regularly reported by the U.S. Bureau of Labor Statistics. This agreement extends through 2025.

(11) Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax receipts to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

City Tax Abatements

The City provides tax abatements for urban renewal and economic development projects with tax increment financing as provided for in Chapters 15A and 403 of the Code of Iowa. For these types of projects, the City enters into agreements with developers which require the City, after developers meet the terms of the agreements, to rebate a portion of the property tax paid by the developers, to pay the developers an economic development grant or pay the developers a predetermined dollar amount. No other commitments were made by the City as part of these agreements.

For the year ended June 30, 2021, the City abated \$170,370 of property tax under the urban renewal and economic development agreements.

Notes to Financial Statements

June 30, 2021

(12) Guaranteed Loans

The City has guaranteed two loans for a community daycare center. The City has guaranteed \$100,000 on a \$500,000 loan with the USDA and \$200,000 on a \$500,000 loan with a local financial institution. At this time, it is expected they will be required to pay approximately \$21,880 annually on these loans through 2038, the year of maturity on these obligations.

As of June 30, 2019 and 2018 the guaranteed debt under these agreements were \$280,461 and \$305,460 respectively. There were no additions to these guarantees during the year ended June 30, 2021 and the City paid \$22,179 in principal and interest on these obligations during that time. The community daycare notifies the City in late July or August if the assistance will be needed to pay these obligations.

The City does not expect any repayment of any support the City makes under these agreements.

(13) Contingent Liability

The City operates a partially self-funded health insurance program for its employees. The insurance policies provided by the City have deductibles of \$8,000 for single and \$16,000 for family coverage for each calendar year. Under the program, employees are only required to pay a maximum of \$1,000 and 2,000 for a family towards these deductibles, with the City covering the remainder. Thus, the City is liable for the remainder of each employee. As of June 30, 2021, the unrecognized amount of this total represents a contingent liability to the City in the amount of \$230,880.

(14) **COVID-19**

In March 2020, the COVID–19 outbreak was declared a global pandemic. The disruption to businesses across a range of industries in the United States continues to evolve. The full impact to local, regional and national economies, including that of the City of Humboldt, remains uncertain.

To date, the outbreak has not created a material disruption to the operations of the City of Humboldt. However, the extent of the financial impact of COVID-19 will depend on future developments, including the spread of the virus, duration and timing of the economic recovery. Due to these uncertainties, management cannot reasonably estimate the potential impact to the City of Humboldt.

(15) Subsequent Events

Management evaluated subsequent events thru January 17, 2022, the date the financial statements were available to be issued. Nothing of audit significance was noted.

(16) Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 87, <u>Leases</u>. This statement will be implemented for the fiscal year ending June 30, 2022. The revised requirements of this statement require reporting of certain potentially significant lease liabilities that are not currently reported.

Notes to Other Information – Budgetary Reporting

June 30, 2021

The budgetary comparison is presented in accordance with Governmental Accounting Standards Board Statement No.41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except Internal Service Funds and Fiduciary Funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, and business-type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, the Debt Service Fund, Capital Projects Funds, Permanent Funds, and Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, a budget amendment increased budgeted receipts and budgeted disbursements by \$492,150 and \$2,636,426, respectively. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2021, disbursements were within budgeted limits.

Schedule of the City's Proportionate Share of the Net Pension Liability

Iowa Public Employees' Retirement System For the Last Seven Years*

Year ended June 30, 2021

Changes of Benefit Terms

There are no significant changes in benefit terms.

Changes of Assumptions

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards

To the Honorable Mayor and Members of the City Council:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Humboldt, Iowa, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City of Humboldt, Iowa's basic financial statements and have issued our report thereon dated January 17, 2022. Our report expressed unmodified opinions on the financial statements which were prepared on the basis of cash receipts and disbursements, a basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying Schedule of Findings that we consider to be a significant deficiency (I-A-21).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or others matters which are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2021 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

City of Humboldt's Responses to the Findings

The City's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Humboldt during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

T.P. Anderson & Company, P.C.

January 17, 2022

Humboldt, IA

Schedule of Findings

Year ended June 30, 2021

Part I: Findings Related to the Financial Statements

INTERNAL CONTROL DEFICIENCIES

I-A-21 Segregation of Duties

<u>Criteria</u> –A proper system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody, and recording of transactions are not under the control of the same employee.

<u>Condition</u> – One individual in the City has control over cash receipts, disbursements, bank transactions, and postings to the general ledger.

<u>Cause</u> – The City has a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

<u>Effect</u> – Inadequate segregation of duties could adversely affect the City's ability to prevent or detect and correct misstatements, errors, or misappropriation on a timely basis.

<u>Recommendation</u> – The City should review its control activities to obtain the maximum internal control possible under the circumstances.

<u>Response</u> – We will continue to work toward improving segregation of duties.

Conclusion – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Schedule of Findings

Year ended June 30, 2021

Part II: Other Findings Related to Required Statutory Reporting:

- II-A-21 <u>Certified Budget</u> Disbursements were within budgeted limits for the year ended June 30, 2021.
- II-B-21 <u>Questionable Disbursement</u> We noted no expenditures that we believe did not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-C-21 <u>Travel Expense</u> No disbursements of the City's money for travel expense of spouses of its officials or employees were noted.
- II-D-21 <u>Business Transactions</u> Business transactions between the City and its officials or employees are detailed below:

Name, Title and	Transaction	
Business Connection	Description	Amount
Joel Goodell, Council Member	Pest control at 4 facilities and mosquito	\$14,733
Owner of GDL Pest Control	control.	

In accordance with Chapter 362.5(3)(j) of the Code of Iowa, the transaction with GDL Pest Control does not appear to represent a conflict of interest since it was entered into through competitive bidding in accordance with Chapter 362.5(3)(d) of the Code of Iowa.

- II-E-21 <u>Restricted Donor Activity</u>- No transactions were noted between the City, City officials, City employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- II-F-21 <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- II-G-21 <u>Council Minutes</u> No transactions were found that we believe should have been approved in the City Council minutes but were not.
- II-H-21 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy were noted.
- II-I-21 <u>Revenue Bonds and Notes</u> No instances of non-compliance with the revenue bond and note resolutions were noted.
- II-J-21 <u>Financial Condition</u> The Special Revenue Road Use Tax and the Capital Projects Water Main Fund had deficit balances of \$177,970, and \$88,494 respectively, at June 30, 2021.

<u>Recommendation</u> – The City should investigate alternatives to eliminate this deficit in order to return this fund to a sound financial position.

<u>Response</u> – The deficits should be eliminated when expected receipts are received.

<u>Conclusion</u> – Response accepted.
